TẤM VÁCH NGĂN PIMA

PARTITION

Tấm vách ngăn Pima được làm từ nhựa PVC và bột đá nên có thể chống thấm nước, chống ẩm mốc, oxy hóa rất tốt. Bên cạnh đó, tấm ốp nhựa này còn có khả năng chịu nhiệt, cách âm và chống cháy tốt.

Pima Partition are made from PVC and calcium carbonate, so it is waterproof, moistureproof, and anti-oxidation. This product also has good heat resistance, sound insulation and fire resistance.
